MyVidster Tweak is the most advanced tweak that aimed to let its users control their iPhone video performance, such as bitrate control, scheduling playback, and more. MyVidster Tweak provides an easy-to-use video player and beautiful skins. It is designed to be an all-in-one player, rather than a video player and a beautiful skin provider. Instead, MyVidster Tweak is a system tweak, which is integrated with the iPhone's video player, and gives more control over iPhone video playback. Compared to other video players, MyVidster Tweak does not depend on other application, however, MyVidster Tweak can no longer iPhone video playback if the application (e.g. iPhone video) is stopped.
